Problem Statement

COVID -19 Wave is Devastating

- **Loss of livelihood and food systems**
- **Sharp increase in cases leading to gaps in health care systems**
- People are at risk of **falling into extreme poverty**, and the number of undernourished people is increasing because of **food insecurity**.
- Lack of **awareness and stigmatization**
- Informal economy workers are **particularly vulnerable because the majority lacks social protection and access to quality health care and have lost access to productive assets**. For majority, no income means no food, or less food and less nutritious food.

In the COVID-19 crisis **food security, public health, and employment and labor issues, in particular workers' health and safety**, converge are areas needing immediate attention to ensure a “new normal” better one.

Social Protection Strategy

- **Awareness - Generate demand for schemes and entitlements**

Field Engagement Mechanisms (FEM) – Member survey (demand), Camps (for improving access), supported by IEC materials,
Capacity building of leaders / champions, Champion recognition and Celebration

- **Access - Facilitate access to schemes**

Field Engagement Mechanisms (FEM) –Member survey (to check access), Help desk
○setup/strengthening, Camps, Single window (at the District level)
Sensitisation meetings and pledges from stakeholders, Standard Operating Procedures
○implementation, Information tracking system training.

- **Advocacy - Advocacy to improve schemes and programmes**

Field Engagement Mechanisms (FEM) – Member survey (data), Sensitisation meetings and pledges from stakeholders
